A Very Hard Storm?

One of the most terrific storms of the season occurred last night. The rain was as hard as is often witnessed here, and piles of mud and debris were left at all street corners for the board of public works to clean away. There was vivid lightning and loud thunder, as well as a pretty high wind, but no damage to speak of resulted.

Round Table to Meet.

The examinations in the public schools, which have been in progress the past two days, will be wound up today, when the spring vacation begins. The eastern Ohio and West Virginia superintendents and principals' Round Table begins its sessions at the office of Superintendent Anderson this evening. To-morrow the sessions will be held at the Y. M. C. A. building.

That Gas Works Switch.

Yesterday Chairman H. C. Richards, of the city council committee on railroads, said that he would call a special meeting of the committee for one afternoon this week, which is to be attended by President Dunlevy, of the city gas trustees, and by General Manager Tassig, of the Terminal company, for the purpose of settling the matter of the putting in of a switch connecting the city gas works with the Terminal road.

George R. Jennings Dead.

Yesterday morning, at 4 o'clock, at his home on Eoff street, Mr. George Kevelly Jennings, died in the thirty-ninth year of his age. Mr. Jennings was a well and favorably known colored citizen and his many friends regret to hear of his untimely taking off. The funeral will take place Friday afternoon at 2 o'clock from the Simpson M. E. chapel, and friends of the family are invited to attend.

Three Marriage Licenses.

Clerk Hook yesterday issued marriage licenses to the following named parties: Thomas A. Haythorn, aged twenty-nine, of Monroe county, O., and Johanna Hoburg, aged twenty-six, of Wheeling.

John Moffat, aged twenty-one, and Isabella Kerr, aged twenty-one, both of McKeesport, Pa.
Edward Y. Smith, aged twenty-seven, and Elsie May Shipman, aged twenty-one, both of Ohio county.

The County Commissioners.

The board of county commissioners met yesterday in the regular monthly auditing session. In addition to auditing the bills as usual the board referred the annual estimates presented by the different committees to the finance committee, which will now have fun wrestling with the problem of making the income and outgo come within the immediate vicinity of each other. President Dobbins was authorized to vote the county's shares in the annual stockholders' meeting of the Pittsburgh, Wheeling & Kentucky railroad to-day. Two applications were received for permission to adopt the baby left at the infirmary by Mary Heinrichs, one from its aunt, Mrs. Crokel, and the other from Mrs. Ella McCurdy, and the board, by a unanimous vote, granted Mrs. McCurdy's request.

Death of William H. Chambers.

William H. Chambers, formerly a resident of this city, who enlisted as a soldier in Company B, First regiment, West Virginia Volunteer Infantry, in September, 1861, and who served continually with Colonel Thoburn's regiment during its whole service, died suddenly in Washington, D. C., on the 24th instant. Mr. Chambers, at the time of his death, was the superintendent of the Soldiers' and Sailors' Temporary Home in the national capital. He had for many years suffered greatly from muscular rheumatism, having lost the use of his hands and feet. He was buried by Kit Carson Post, G. A. R., in the beautiful cemetery of Arlington yesterday. He was a good soldier in the war and a good citizen in peace. His comrades in West Virginia will hear of his death with regret.

VERY SUCCESSFUL.

Has Proved the Auxiliary Plan of the Island Ferry People.

The plan recently placed into operation, by which the Auxiliary Company took a hand in the affairs of the Island ferry company, has proved successful beyond expectations and the directors in consequence of the successful working of the plan during the first month it was in operation, have decided to make a change in the toll rates, to go into effect on the first proximo. Hereafter all males over sixteen years of age will be owners of one share to enjoy the privileges of the ferry, and in case anyone does not care to take this share, coupon tickets, suitably for fifty cents, are on sale. Persons owning one-share vehicles must own four shares of stock, and those using two-share vehicles are now required to own six shares. Coupon vehicle tickets are also on sale where owners of vehicles do not care to subscribe to the stock, the dues on which are fifty cents per month.

Children Cry for Pitcher's Castoria.

MAY CAUSE A STRIKE.

An Anna-Standard Boss Assaulted by Mill Employes.

HAULED A MAN OVER THE COALS

For Calling Him a "Blacksheep" and Was Then Pounded by Other Employes—Two Ribs Smashed—One Man Discharged and a Sympathy Strike May be a Feature of the Affair—Two Coal Miners in Trouble at Dillonvale.

A lively scrap occurred in the Anna-Standard mill on Tuesday, in which one man was badly used up. Another was discharged and this may cause a strike. It seems that Bulger Green, who has charge of sheet mill No. 11, formerly plate mill No. 12, was suspended by the union for working on the plate mill, in violation of union rules, and for this reason many of the employes have looked upon him with disfavor.

The story goes that on Tuesday night Green appeared at sheet mill No. 9 and pulled Jacob Keyser, an employe on this mill, over the coals for calling him a blacksheep. The two men had some words and these were followed by blows.

Several other employes rushed up and proceeded to assault Green. He was knocked down and given a terrible beating. It is reported that he had two ribs broken. He resides on Union street and is a married man. It is said that Keyser was discharged yesterday and that the employes will strike for his reinstatement.

A PROBABLE MURDER.

Two Coal Miners at Dillonvale Fight Desperately—One May Die.

A probable murder occurred at Dillonvale on Tuesday. The guilty man is in jail at Mt. Pleasant. Henry Brominski and Peto Schoeber, two coal miners, became drunk and got into a quarrel. From what can be learned they fought desperately, both being cut and bruised and Schoeber will surely die.

A gentleman who came down from Mt. Pleasant yesterday evening said that Schoeber's skull was broken. Brominski was arrested yesterday and placed in the Mt. Pleasant jail.

Another Buckeye Assault.

Another assault was made last evening on an employe at the Buckeye glass works. The man hurt was Edward Crampton, a non-union glass blower. He was on his way from the works to his boarding house, and while walking up the north side of Hanover street a piece of brick was thrown at him from near Fisher & Padden's saloon. The brick struck Crampton on the back. Several men and boys were standing around, but it is not known who threw the brick.

Two United States Prisoners.

Last night Deputy United States Marshal Thomas Flowers, of Mannington, arrived in the city from the interior, having in charge two prisoners charged with violations of the government internal revenue laws, whom he delivered at the Ohio county jail. They will be tried at the approaching session of the United States court, in April, at Wheeling. Their names are L. W. Shankley and John Stanton, and both live in Fairmont.

DOWN AT POWHATAN.

President Mooney Confers With the Powhatan People on Railroad Matters.

President S. L. Mooney, of the Baltimore, Zanesville & Cincinnati railroad, spent a day or two in Powhatan, which point he expects to reach with the proposed change in his railroad from a narrow to a standard gauge. There was an impromptu meeting of the leading citizens in the evening at the parlors of the hotel, when he stated to them that he was asking no financial aid, but if the people there would aid him in securing a free right-of-way from Dover to that point, he felt that he could in a very short time assure them a railroad would be built. And a grade not to exceed forty feet to the mile will be had between there and the Wills creek valley. After a general interchange of opinions the following committee was appointed to aid in securing right-of-way: Ferdinand Dorey, J. P. Hornbrook, Dr. E. N. Riggs, N. Dowler, George A. Korner, E. K. Potts, H. J. Zink, B. F. Disque, and George W. McMurry. Mr. Mooney was much encouraged by the interest shown by the business men.

Beware of Ointments for Catarrh That Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

THE HUB'S CONSTELLATION.

Brilliant—Every style is a star of the first magnitude, beaming with satisfaction, teeming with excellence, glittering with these points of vantage that compel appreciation—dim only in price. We've been clothing half of Wheeling the last few seasons. Must be we've converted the other half, for this one says, "It's dull;" that one joins in. Clothiers and tailors are all chanting the same dirge of despair, while we are steadily increasing our sales each and every month over that of any preceding year. There is no secret to our success. Price has something to do with it; variety is a magnet, but quality pulls the stroke oar of our favoritism. Only the best manufacturers represent our stock. They are designed, cut and made by the best tailors in the country. See this stock that's two, three, maybe four times larger than you can find anywhere else, biggest, best, cheapest superlative charms that win in every competition.

Suits, Men's \$5.00 to \$25.00.

Suits, Boys' \$3.00 to \$20.00.
